THE CITY

Jose Angel Astor Rocha/Shutterstock.com

The Arabs named Almería Al-Mariyya, which means 'mirror of the sea'. There is an Eastern feel to this sun-bleached city with its Moorish-style houses and signature Alcazaba fortress. The links to the North of Africa remain strong with frequent ferries going to Morocco and Algeria. In the Plaza Vieja, the town hall preserves the banner presented by the Catholic Monarchs when they banished the Moors in 1489.

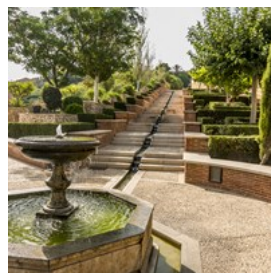

DO & SEE

Tomasz Czajkowski/Shutterstock.com

A rewarding stroll around Almería's city centre is rewarding. Begin from Puerta de Purchena through the labyrinthine streets of the historic quarter. Then, continue to its busy port via colonnaded squares and the fortified Cathedral. Along the way, you can stop for a coffee or a glass of Spanish wine. Do not miss the lively food market just off the Rambla.

La Alcazaba Monument

The Alcazaba Monument is a 10th-century fortress with three huge enclosures, gardens, and the Walls of Hayrán extending down the valley to the opposing San Cristobál hill. Warrens of cave houses are cut into the rock below. From here you will have great views of the city and port, not to mention the most legendary sunsets.

Taxi

Almería's taxis are easily identifiable by their white colour, and they can be flagged down on the street. However, for a more reliable service, it's advisable to call a company to book a ride in advance. Reservations can be made up to 12 hours before your intended journey.

The typical fare for a taxi ride to or from the city airport ranges from 23€ to 29€.
