Nicknamed 'Village by the Sea,' Carlsbad enjoys seven miles of tidy, serene beaches along the Pacific coastline. This makes it perfect for swimming, sunbathing and surfing, all paired with a mild climate. Furthermore, Carlsbad has three lagoons, a lake, an aquarium, museums and shopping districts. As if that was not enough, the town's proximity to San Diego and Los Angeles provides a multitude of additional options within a short drive.

THE CITY

Lowe Llaguno / Shutterstock.com

In the late 18th century, Spanish explorers arrived in the area that is now Carlsbad. Until that point, the Luiseños, as the Spaniards had named them due to their proximity to Mission San Luis Rey de Francia, inhabited the area. Spain continued to build missions and dwellings to maintain the area until Mexico won its independence in 1821, taking control of what is now California and other lands. The land changed hands a few times, and shortly after the 1848 Treaty of Guadalupe Hidalgo, the Arizona Eastern Railway opened up access to the now Carlsbad area.

The area continued to grow in population, agriculture, tourism and amenities. The city organized its chamber of commerce in 1923 and a few years later Carlsbad had a newspaper, school district and theater, among other improvements. Camp Pendleton to the north provided another population boom with veterans of World War II returning from overseas and settling in the area. The area's continued growth resulted in incorporation in 1952.

Carlsbad is a seaside city named after a Bohemian spa town in the Czech Republic. Its boundaries are full of businesses, eateries that circle the globe, from nostalgic food carts to immaculate five-star restaurants, and attractions

both natural and man-made.

DO & SEE

Olena Yakobchuk / Shutterstock.com

For an area just over 39 square miles, the amount of time it would take to fully explore the Carlsbad area is astounding. From hundreds of attractions to shopping of all types and bustling beaches to quiet lagoons, Carlsbad is a vacation spot that is more than just a 'Village by the Sea.'

Legoland California

Over 22,000 builds and 57 million bricks make up the park's collection of models ranging from a full-scale Star Wars 'X-wing' to miniatures of many U.S. cities. With rides, shows and restaurants, Legoland California is 128 acres of family fun.

The Flower Fields

Open from early March through early May., the fields of Carlsbad, California transform into a breathtaking spectacle of colors with blooming

flowers. If

you happen to be in the city for the season, make sure to go for a stroll across the fields or join a tractor ride through the area. A magnificent place for getting your photo taken or simply taking in the seemingly endless landscape of colors.

Airports

The San Diego International Airport (SAN) is the closest major airport to Carlsbad, offering a variety of traveler services such as free WiFi, ATMs, restaurants, and shops. Terminal 1 accommodates airlines like Frontier, Spirit, Southwest, and Sun Country, while Terminal 2 serves international carriers including Lufthansa, Air Canada, and Japan Airlines.

Taxis are the fastest and most convenient way to travel between Carlsbad and the airport; however, public transportation options such as the Amtrak Intercity and COASTER commuter trains also connect travelers from Los Angeles and Orange Counties to downtown San Diego.

Additionally, McClellan-Palomar Airport (CLD), located just 3 miles southeast of Carlsbad, is a smaller facility that offers select flights, but San Diego International Airport remains the primary hub served by most major airlines.
