Passport / Visa

Visa exemption applies to citizens of all EU countries, most countries in the Americas, Australia, New Zealand, Japan, South Korea, and more. Both tourists and business visitors from these countries may stay in Mexico for up to 180 days. For Russian, Turkish and Ukrainian passport holders, electronic authorization (SAE) is required. This authorization grants travelers from these countries the right to a single entry, with stays ranging from 30 to 180 days.

Please consult an embassy or consulate in your home country for the latest information on visa requirements.

When traveling to Mexico, you will need to fill out a 'Forma Migratoria Múltiple' (FMM), which is essentially a visitor's permit for Mexico. All travelers are encouraged to do so online prior to traveling, and present the printed out document upon entering the country.

Public Transport

Buses are a convenient way to get around, with services that run through the two towns of Cabo San Lucas and San José del Cabo. The main

private bus company in Baja California Sur is called 'Aguila,' followed by 'Autobuses de la Baja California.' Most of the bus drivers stop anywhere, just make sure you request your stop ahead of time.
