Situated halfway between Brisbane and Cairns, Mackay is surrounded by lush rainforests, pristine white sandy beaches, and the fertile Pioneer Valley. It is home to one of Australia's richest sugar cane growing regions. Beyond its shores, the Great Barrier Reef's awe-inspiring coral formations, diverse marine life, and serene islands offer a tropical paradise for all. With its outstanding dining options, picturesque parks, and thriving art scene, Mackay caters to every taste and budget.

THE CITY

Josh Withers/unsplash

Mackay is an exceptionally scenic city with a relaxed tropical ambience. The picturesque sparkling blue Pioneer River winds its way through the city providing an ever-changing landscape as the tides come and go. Palm trees lining the streets present not only a wonderful vista, but are also a retreat for thousands of the city's colourful lorikeets as they settle in the city centre at dusk each evening.

While Mackay boasts a stress-free country charm in character, it has become an effervescent hub for visitors who enjoy all that is trendy. Dining in Mackay is a gastronomical delight — especially for seafood lovers. Fishermen return daily with fresh catches of the ocean's finest and the Mackay Fish Market is renowned for quality seafood straight from the trawler.

On either side of the city are some of Australia's most precious natural treasures: 31 long white sandy beaches line the coastline, the world heritage listed Great Barrier Reef, and Australia's largest rainforest national park. This is a city with an enchanting appeal — many find hard to leave — and one where there is much more than meets the eye.

DO & SEE

Electricity

Australia operates on a 230/240V supply voltage and 50Hz frequency. The country uses Type I power plugs, which feature two flat pins

forming a 'V' shape, along with a grounding pin. This standard is also commonly used in New Zealand, Argentina, China, and several Pacific island nations. Remember to pack a universal adapter if your devices use a different plug type to ensure hassle-free charging.
