Festivity carries in the air as much as the sounds of saxophones and trumpets in New Orleans. Despite the damage inflicted by Katrina in 2005, NOLA hasn't lost any of its charm, spark, magic, and its people's inextinguishable joie-de-vivre—none of what makes it a unique city in the U.S. and the world. From the ever-lively Mardi Gras to the eclectic mix of cultures to the rich cuisine reflecting its Cajun, Creole, and French roots, New Orleans is a constant celebration of the human spirit.

## THE CITY

*New Orleans CVB*

History leaks from every corner, brick, and building in New Orleans. The Crescent City has undergone transformation upon transformation to become the hub of tourism and culture it is today.

With a history of Spanish and French dominance, European influence is still seen along most of the architecture in the French Quarter, from the courtyards to the multi-storied buildings. Historically, thousands of Americans, Germans, Sicilians, Irish and Haitians have made New Orleans their home, and this melting pot of cultural differences often reached boiling points. The Americans therefore settled in what is now known as the Central Business District, seeking reprieve from the tense proximity to the Creoles of the French Quarter. Interestingly, city medians are still referred to as "neutral grounds," referencing the Canal Street median that was used as a neutral business point for Americans and Creoles. It seems natural that "New Orleans" and "culture" are uttered in the same breath, as the city is awash with passion, verve, and history.

Nicknamed "The Big Easy" possibly to contrast life in New Orleans against that of the hustle and bustle of "The Big Apple," New Orleans has not strayed from its tranquil persona. The multitudes

of parks, preserves, bayous, and waterways make New Orleans a natural, relaxing escape for both locals and visitors. Cozy cafés and restaurants are always ready to serve a friendly beignet and café au lait, and live jazz is always the theme of the night.

## EVENTS

*Todd Coleman / Saveur Magazine*

Immerse yourself in Louisiana's musical, culinary and cultural heritage at one of more than 400 festivals celebrating everything from crawfish to cotton and Blues to barbecue. Don't miss the biggest festival of all, Mardi Gras, with its spectacle of parades, music and food events, held in nearly every community in the state.

### Mardi Gras (January–February)

Mardi Gras isn't just a single day — Fat Tuesday, the last day before Lent — but a nearly entire month of festivities. It all starts on Twelfth Night, January 6, when the city becomes obsessed with eating, costuming, bead-tossing and parading, which all increase in intensity as Ash Wednesday nears. All weekends leading up to Fat Tuesday see parades roll all over town. Bands, marching groups, boats, and costumed riders toss beads and other accessories to the crowds. The celebration is also child-friendly: the Uptown

parade route and suburban parades are entirely family oriented.

Mardi Gras attracts millions of people each year, and the city's famed streets and districts will fill your itinerary. The sounds of jazz seem to follow you everywhere, and so do the welcoming, wide smiles of the New Orleanians.

### Mardi Gras Carnival

Mardi Gras and Carnival have long been the marquee events in New Orleans, dating back to the first parade in 1827. Attracting thousands of people each year, the festivities trace their origins to the French (Mardi Gras being a bastardization of the French for "Fat Tuesday"). Carnival takes place in the early weeks of the season, signaled in with Bacchus-level balls that are invitation-only and serve to celebrate each krewe (private club) and the new debutantes. The final weeks lead up to Mardi Gras and feature the familiar street parades.
