THE CITY

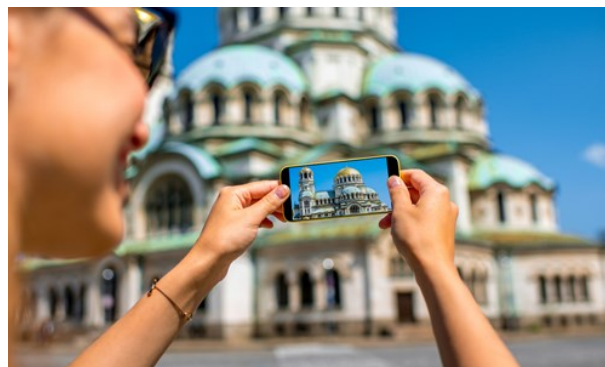

Anton Chalakov/Shutterstock.com

Downtown is where you will find Sofia's major historical sites, ranging from Roman, Byzantine and 20th century architecture to Neoclassical Stalinist constructions. This is also where the city's business and commercial heart is located, with major shopping avenues and entertainment areas. Near the Alexander Nevski Church is the Oborishte district, a charming residential and commercial area, with a fine array of small, boutique-style shops, galleries and restaurants.

Studentski Grad, as the name suggests, is home to the majority of Sofia's 16 universities, hence a heavily populated student area. The arts and social scene is particularly bohemian and vibrant. If you want to escape the bright lights of the city for something more serene, you can head out to the Boyana district. This district is located at the foot of Vitosha Mountain, perfect for wandering amongst the forested lower slopes and breathing the fresh mountain air.

The Bells Monument (Park Kambanite)

International Year of the Child. The monument presents more than 70 bells from across the world, on pillars that are marked with a message from children from the respective nation. Occasionally, the seven main bells, one for each continent at the top of the central pillar, ring along to parades or events held around the monument.

Spanish Gatherings in Sofia

Once a week, Sofia feels just a little more Spanish. The city has a large Spanish-speaking community, made up mainly of people from

Spain as well as many from Latin America. Every Thursday or Friday they meet to socialise and practise Spanish together.

If you'd like to practise your Spanish or simply spend time with one of Sofia's most active and welcoming expat communities, follow their social media page to stay updated on the exact time and venue.

Look out for Juan, easy to spot thanks to his trendy beard. He is the organiser and founder of the group and is always happy to introduce newcomers to the community and help with any questions you might have about Sofia.
