The Sunshine Coast is undoubtedly one of Australia's most beautiful regions with amazing beaches, stunning sunlight, picturesque hinterland and plenty of breathtaking views. The vast area, which extends along the golden Pacific coast for nearly 60 kilometres, offers a wonderful and immense mix of cultures, cuisine, nature and outdoor activities that are all ready to be explored.

THE REGION

DAE Photo/shutterstock

The name says it all: The Sunshine Coast is blessed with a fantastic climate and golden beaches. This peri-urban area covers the region from Caloundra, with its seaside-town atmosphere in the south, to cool and fashionable Noosa in the north, and from the beaches shaped by the Pacific Ocean in the east, to far into the rural English-like idyll beyond the Blackall Range in the west.

The beautiful national parks, both on the coast and in the hinterland, are definitely worthwhile exploring while spending an evening sitting on the beach watching the sunset is a must. If you can drag yourself away from the coastal area, the hinterland also promises a wealth of unique experiences in nature.

DO & SEE

Aerometrex/shutterstock

The coast and its cities are always full of life, especially in the summer months. There is no end to the activities that take place all along the coast. You'll never lack for new sports, culinary concoctions, nature or shopping experiences to discover. Visit the stunning natural parks and admire native wildlife, try a new sport or outdoor activity, or simply relax on a golden beach and soak up the sun.

Glass House Mountains National Park

The Glass House Mountains are eleven isolated pinnacles sticking up from a flat plain in the hinterland. The tallest is Mount

Beerwah at 556 metres. It is highly recommendable to climb one of them to look at the fantastic view.

Sunshine Coast Airport (MCY)

Sunshine Coast Airport (MCY), also known as the Maroochydore Airport, has one terminal and is located 10 kilometres north of Maroochydore and 26 kilometres south of Noosa.

You can get to and from the airport by taxi, shuttle bus or rental car. If you choose the last option it is recommended to book in advance.

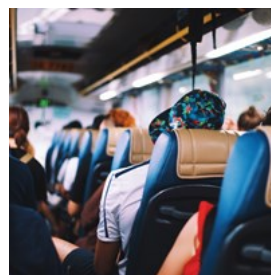

Rideshare apps, such as Uber, Shebah and Ola, are another transportation alternative.

Door-to-door shuttle buses are run by Con-X-ion Airport Transfers. The shuttles run after each arrival, but it is necessary to book in advance and, depending on where you are staying, the cost will vary.

A public bus operated by Translink stops to the north of the check-in area.

Public Transport

The Sunshine Coast has an extensive public transport network, serviced by Kinetic, with bus routes connecting the suburbs and areas on the Sunshine Coast. Buses run frequently, more during the day than at night, seven days a week. The price depends on how many zones you wish to travel through.

Electricity

Australia operates on a 230/240V supply voltage and 50Hz frequency. The country uses Type I power plugs, which feature two flat pins

forming a 'V' shape, along with a grounding pin. This standard is also commonly used in New Zealand, Argentina, China, and several Pacific island nations. Remember to pack a universal adapter if your devices use a different plug type to ensure hassle-free charging.
