Airport

The Los Cabos International Airport serves San José del Cabo, Cabo San Lucas, and the Los Cabos area. It is located in San José del Cabo, 34 km from Cabo San Lucas and 10 km from San Jose del Cabo city centre.

The airport has three terminals and a taxi stand that is located at Terminal 3–as no taxi meters are used, always negotiate the price before leaving the airport.

The cheapest option to get to the city would be opting for a shared shuttle. Rental car services are also available at the airport.

Best Time to Visit

If you are not part of the spring break crowd or want to avoid tourists, the best time to visit Los Cabos is from May to June. The tourists who come looking for the sun during the winter will be gone, and the ones who want to spend their time here during the summer holidays have yet to hit. During the summer time, from July till September, it's hurricane season, and it's very hot and humid. If you are a fan of whale-watching, book your trip for between December and March.

Passport / Visa

Visa exemption applies to citizens of all EU countries, most countries in the Americas, Australia, New Zealand, Japan, South Korea, and more. Both tourists and business visitors from these countries may stay in Mexico for up to 180 days. For Russian, Turkish and Ukrainian passport holders, electronic authorisation (SAE) is required, which then grants travellers from these countries the right of a single entry followed by a stay of up to 30 days.
Please consult an official source/consulate in your home country for the latest information on visa requirements.
When travelling to Mexico, you will need to fill out a Forma Migratoria Múltiple (FMM), which is essentially a visitor's permit for Mexico. All travellers are encouraged to do so online prior to travel, and present the printed out document upon entering the country.

Tourist Tax

Nearly every commercial airline flying into Mexico now includes the Tourism Tax (known as DNI – Derecho No Inmigrante) in the price of each flight ticket. Request an itemised receipt from your tour agent or airline, where the DNI charge is normally listed, and present it at check-in and/or immigration in order to avoid double payment.

If, however, your airfare does not include this tax, or if you've been travelling by land, the tax will need to be paid separately. If you're leaving Mexico by air, the easiest way to pay this tax will be at the check-in counter for your departing flight/the airport immigration office. Note that the tax can only be paid in cash, in USD, Mexican pesos or Sterling. The exact fee is subject to change; at the time of writing, it amounts to just under $30 per person.

If you are departing by land, you are still required to pay this tax, which can also be done at a bank. Note that those arriving by land and departing from Mexico within 7 days are exempt from paying the fee.
The DNI tax is not to be confused with the Mexican Airport Departure Tax, which will be automatically included with any flight ticket purchase, and will also appear on the itemised receipt.

Make sure to hold on to any receipts, slips or documents issued to you by Mexican immigration authorities throughout the entire trip.
